Re: Interim Response to Citizen Concerns

Dear Ms. Savage:

I am writing in response to the letter dated October 9, 2018, which you forwarded to the Environmental Protection Agency (EPA). In that letter, the signatories requested that the EPA address groundwater contamination in Juneau and Wood Counties, Wisconsin.

Please be assured that EPA has been working collaboratively with the Wisconsin Department of Natural Resources and with Juneau and Wood Counties to protect public health. EPA is committed to keeping you apprised of progress.

We hope to be able to contact you soon with additional information. Please forward a copy of this response to each of the signatories of the letter.

Sincerely,

A handwritten signature in cursive script, reading "Linda Holst", is written over a horizontal line.

Linda Holst
Acting Director, Water Division
